74, Bhagvati nagar, Deopur, Dhule, Dhule , 424005, India, 9823096285, ruturajfulpagare13@gmail.com

Date of birth	07/07/1995	Nationality	Indian
Place of birth	Dhule		

## PROFILE

Results-oriented web developer, offering extensive experience in design and layout. Highly educated in various programming languages and coding. Looking for a position in a fast-paced company that appreciates hard work, dedication and evolving technical skills. Creative web developer with 1+ years of experience. Uses UI/UX to improve web-based technology design, functionality and usability. Trained and proficient using Adobe flash, 3D Max and Adobe Dreamweaver. Offers progressive experience from concept and design through testing, implementation and client updates. Diligent about producing exceptionally clean, strong and secure code. Expert Web Developer bringing 2+ years of expertise in Program Developing. Effectively manages assignments and team members. Dedicated to self-development to provide expectation-exceeding service. Productive employee with proven track record of successful project management and producing quality outcomes through leadership and team motivation. Works with clients to determine requirements and provide excellent service.

## EMPLOYMENT HISTORY

May 2016 — Oct 2016	<b>Intern Engineer, Vinit patil</b>	Pune
	<ul style="list-style-type: none"><li>Wrote detailed test scenarios and cases, accurately logging errors and defects in comprehensive test reports.</li><li>Tested equipment, machinery and instruments to assess proper functioning.</li><li>Conducted tests and examined components and assemblies to identify and rectify defects.</li><li>Studied manufacturing from engineering viewpoint to identify problems and potential improvements.</li><li>Oversaw iterative design projects incorporating feedback from prototypes, manufacturing and end-users for continuous improvement.</li><li>Developed and amplified electronic systems, components and software to provide ample data and information regarding elements.</li><li>Designed components to use for optical instruments and equipment.</li></ul>	
May 2023 — Oct 2024	<b>Test Engineer, Dharmaraj karande</b>	Mumbai
	<ul style="list-style-type: none"><li>Implemented quality assurance testing methodologies and controls.</li><li>Defined and led on appropriate end-to-end test approaches for successful outcomes.</li><li>Gained in-depth knowledge of EMC testing techniques and test specifications.</li><li>Designed and wrote tests using Jest and Playwright in front-end test automation frameworks.</li><li>Developed and enhanced test cases, documents and procedures for guaranteed solution quality.</li><li>Performed troubleshooting and resolution to address customer feedback, performance and quality.</li><li>Kept accurate records of testing performed, prepared test reports using designated templates.</li><li>Collaborated with end users and QA testers to determine requirements.</li><li>Installed, setup and commissioned servers and hardware to support logistics systems.</li></ul>	
Nov 2023 — Present	<b>Web Developer, Abhishek Sharma</b>	Mumbai
	<ul style="list-style-type: none"><li>Participated in pre-project analysis and technical assessments to validate creation of user-friendly interface.</li><li>Handled special projects designated by senior developer.</li><li>Managed project and web strategic planning for entire team.</li><li>Built reusable code to utilise for other projects and to minimise costs.</li><li>Contributed to back-end experience and collaborated on APIs.</li><li>Tested links to identify and rectify discrepancies, determine speed and gauge traffic.</li><li>Designed layout and graphics to enhance aesthetics and appearance of website.</li><li>Researched new programming languages, frameworks and technologies to stay abreast with latest trend.</li><li>Scheduled meetings with clients to discuss website design preference and requirements.</li><li>Worked with different testing tools and frameworks, content management systems and cross-functional teams to smoothly complete projects.</li><li>Used JAVA, HTML or XML to structure web pages and provide smooth navigation of internet.</li><li>Liaised with team to develop content and choose applicable solutions to create and maintain website.</li><li>Created backup files on servers and directories to avoid data loss.</li><li>Developed and integrated payment processing features onto eCommerce websites.</li><li>Troubleshoot website on different browsers to determine quality.</li></ul>	

## EDUCATION

## Technical Skills:

- Proficient in CAD software (AutoCAD, SolidWorks) for 2D and 3D modeling

Strong knowledge of mechanical engineering principles and practices.

- Experience in designing and analyzing mechanical systems and components

Skilled in conducting tests and interpreting results.

- Excellent problem-solving and critical-thinking abilities

Effective communication and teamwork skills.

- AutoCAD
- Automated model programming
- CAD (computer-aided design)
- Engineering product data management software (EPDM)
- Microsoft office suite experience
- Pro-E CREO CAD software
- Understand diagrams, drafts, flowcharts, and other information and documentation
- Calculus
- Statistics

Jul 2012 — Jul 2013

Hsc, Shri, Ekvira Devi Mahdyamik Vidyalay

Dhule

Aug 2023 — Present

ME in Computer Engineering, Amity Distance Education

Noida

## Skills I Learn In ME,

- SDLC framework
- Software development
- Patience
- Fluent in French
- Coding languages including HTML, CSS, JavaScript and Python

SKILLS	javascript	Experienced	HTML Coding	Experienced
	Website Troubleshooting	Experienced	Scripting	Experienced
	CSS	Experienced	Google Analytics	Experienced
	Debugging	Experienced		
LANGUAGES	French	Highly proficient	German	Native speaker
	Spanish	Native speaker
